

Two Bowser all-steel self-measuring Oil Tanks of above style, which is the very newest thing of the kind to be had, have recently been installed by Howell & Newton. They are the most accurate and labor saving oil measuring device on the market. They guarantee absolutely correct measurement and great speed and cleanliness in handling oil and eliminate all chances for dust and grit to get into it.

To Die On Gallows

TO DIE ON GALLOWES.
Pittsburg, Pa., March 24.—The execution of William Smith McDonald, whose case has attracted attention in England as well as in the United States, takes place in the Allegheny county jail today. McDonald was convicted of killing his common-law wife in their boarding-house in Beech avenue something over a year ago. Appeals to the higher court and to the board of pardons have failed to save him from the gallows.

McDonald is considerably above the average murderer in personal appearance and refinement. He is of Scotch birth and apparently received a good

education. According to facts that have come to light since his conviction he bore a good reputation in England before he deserted his wife and fled to America in company with the woman who was to meet her death at his hands. The first that the wife in England learned of his whereabouts was when she received a pathetic letter from him written in prison and telling her of the fate that awaited him. Recently the condemned man was greatly cheered by receiving a reply from his wife expressing her forgiveness for his misdeeds.

LOUISIANA SUNDAY SCHOOLS

Baton Rouge, La., March 24.—The twenty-second annual convention of the Louisiana State Sunday School association opened in this city tonight for a session of three days. Several hundred delegates have arrived, all parts of the State being represented. Special trains brought large delegations from New Orleans and Shreveport. Visitors upon their arrival in the city were taken to convention headquarters, where they were assigned to private families who are entertaining.

The State executive committee met this afternoon to complete the final details of the convention programme. A big welcome demonstration this evening marks the formal opening of the gathering. In addition to State President T. W. Holloman and Mayor W. H. Bynum the speakers at the initial session will include official representatives of the State Sunday school associations of Texas, Mississippi and Kentucky. Professor E. O. Excell is here to direct the musical features of the programme. The regular order of business, including the annual reports from officers and committees, will be taken up tomorrow.

TRAIN RUN INTO.

Twenty Persons Sustain Injuries and Three Fatal.

Lexington, Ky., March 24.—Twenty people were injured, three fatally, in the wreck of a Queen and Crescent passenger train between Burgin and High Bridge early today.

The cars were badly piled up and it required several hours to remove the debris.

Danville and Burgin physicians were hurriedly taken to the scene. The injured were brought to Lexington on a special train.

A freight train is said to have come through without orders, the night operator having been laid off.

GOES TO CHINA.

Invitation of That Country to Battleship Fleet Has Been Accepted.

Washington, March 24.—It was decided at the cabinet meeting Tuesday to accept the invitation of China to have the Atlantic battleship fleet visit the port of that country on its return voyage from the Pacific coast. It was decided that no further invitations for the fleet be accepted. The itinerary of around the world will be arranged in accordance with this decision. The invitations of foreign countries so far accepted after the fleet leaves San Francisco include Australia, Japan and China. All other stops will be strictly for coaling purposes.

IMMENSE DELEGATION.

Tammany Hall Will Have Fourteen Hundred at Denver Convention.

New York, March 24.—From present indications New York City will send an almost record-breaking delegation to the Democratic national convention at Denver. It is now estimated that Tammany Hall will be represented by not less than 1,400 members. At first it was thought that the amount necessary for railroad fares and hotel accommodations would reduce the Tammany delegation to a number far below that generally found at national convention, but Thomas F. Smith, secretary of Tammany Hall, now announces that the party will be if anything larger than usual.

BODY BADLY CRUSHED.

Dense Fog Responsible For The Coming Together of Trains.

Memphis, March 24.—One man was instantly killed, another probably fatally injured, and five others badly hurt in a rear-end collision between a work train loaded with laborers and a freight train on the Illinois Central railway. The accident occurred near South Memphis and was caused by a dense fog. Nick Matlock was killed. His body was badly crushed.

HARDWARE MEN IN SESSION

St. Louis, Mo., March 24.—The annual convention of the National Retail Hardware Dealers' association, which assembled in this city today, has attracted a large attendance representing all sections of the country. The convention will be in session three days.

TOBACCO WAR OVER.

Agreement Said to Be Signed at Winchester, Ky.

Cincinnati, March 24.—An end to night riding in Kentucky has been brought by a formal agreement reached between the American Tobacco company and the executive committee of the Society of equity in a conference at Winchester, Ky., according to apparently authoritative statements made here by members of the American society of Equity. Nearly \$14,000,000 and purchase of entire crops of 1906 and 1907 on one side and no planting of crop for year of 1908 on the other are points in the agreement.

Vermont's New Senator.

Proctor, Vt., March 24.—John W. Stewart of Middleburg, former governor of Vermont, was appointed to United States senate by Governor Fletcher, to fill vacancy caused the recent death of Senator Proctor.

The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries:

RUFUS HARDY (Re-election).

For Congress Sixth District:

BRYAN, TEXAS, MARCH 25, 1908.

Senator William James Bryan of Florida, a cousin of William Jennings Bryan, died at Washington Sunday.

Difference between knowledge and faith: The mindless knows that "In God we Trust" is back on the coins, the rest of us believe it.

It is according to the fitness of things that the Chinese, being a yellow people, should value yellow pearls most highly.

Admiral Rob Evans is getting nearly as much reputation out of his case of gout as he did out of the battle of Santiago.

Scientists have discovered disease germs in dishwater. Now the girls and boys have a real good excuse for objecting to washing the dishes.

All the mice are agreed that the Kentucky cat must be killed but none of them are willing to undertake the job. Meanwhile the rampaging animal continues to whip women, assault defenseless men, poison cattle and set fire barns full of helpless horses and mules.

Philanthropic horticulturists have contributed to the world the spineless cactus, the thornless rose, the seedless onion and the seedless apple and grape; but suffering humanity sighs in vain for the greatest of all world wonders who can bring in vituperationless politics.

Considering the fact that congress has been in session nearly four months, all of which time has been consumed in making speeches and in routine business, the following suggestion of the Houston Chronicle is timely: "In view of the report that owing to the jammed atmosphere orators in Denver will not be able to speak over five minutes continuously, how would it do to move congress to Denver?"

There is a volume of truth and poetry in this quatrain from the graceful pen of Mike Kettle Gooch, society editor of Temple Telegram: "It's the middle of good and badness, it's the tangle of tears and gladness, it's the lunacy linked with sanity, That make and mock humanity!"

Judson Harmon has announced that he will not oppose the nomination of Bryan, which leaves the field clear for Bryan in Ohio. Some time ago the Eagle predicted that the Democratic ticket would be Bryan and Harmon.

THE FIREMEN.

(By Joseph Malcolm Carnes.)

When the sibilant steam whistles
Spilt the air with horrid screech,
Like the hiss of white-hot missiles
From volcano's deepest reach;
When the fire-bells' fearful clangor
Smiles the drowsy ear at night,
Breaking on men's slumberous lang-
our,

Startling them with sudden fright,
When, responsive to the alarm,
People tumble out of bed
Rattler-skitter, harum-scarum,

Half asleep and dazed with dread;
When the smoke in spiral volume
Struggles with the ambient air,
Like a huge chaotic column

Lit with an infernal glare;
When the subtle flames are cleaving
To the shingles of the roof

And with flying shuttles weaving
Flery garments, warp and woof,
Or, like hissing serpents creeping
Through the crannies in the wall,

Or in writhing masses leaping
Through the windows, up they crawl
When the flaming, surging ocean
Whelms the building in its tide,

And its waves in wild commotion
Toss their spray on every side;
When in danger of destruction
All the helpless city lies

And in jangling, frantic raction
Mingled prayers and curses rise,
Then we hear the hose cart rattle,
Joyful about the people there,

For the firemen come to battle
With the demon in his den,
Soon the ladders up extending
Lean against the towering wall,

And the firemen are ascending—
God have mercy if they fall!
Steady now they point the hoses
Toward the monster's vital part

Where the fiercest fury glows in
The red demon's fiery heart.
Now the jets go crackling, crashing,
Singing, hissing through the flame,

His huge body cutting, slashing—
Every jet is true to aim,
For awhile the infuriate devil
Struggles hard against the attack,

All in vain; his place of revel
Soon is but a smoking wreck.
Then the assembled crowd dispersing
Calmly seek their homes again.

On the way each group rehearsing
Gallant deeds of firemen.

That South Carolina couple married in an auto going at full speed he-
longed to the fast set.

OLD COPY OF THE EAGLE.

Some friend of the Eagle has mailed to us a copy of the Weekly Eagle published fourteen years ago. A perusal of its columns shows even in the short space of time intervening many changes have occurred in this city in a business way and in the affairs of life generally. So many who were with us then have either gone elsewhere or passed to the great beyond. Great educational, church and other enterprises have been built up that were then hardly dreamed of. Great progress has been made along all lines, and in looking over the development accomplished who can measure the progress that a similar length of time in the future holds in store?

Singular Circumstances Attend the Engagement of a Couple.

New York, March 24.—Somewhat peculiar circumstances attended the engagement of Miss Mildred Barnes to Robert Woods Bliss, secretary of the American legation at Brussels, just announced. Miss Barnes is the daughter of Mrs. William H. Bliss, second wife of William H. Bliss, who is the prospective groom's father. Some years ago the elder Mr. Bliss, then a widower, with one son, married Miss Barnes' mother after the death of the bride's father.

Ivanhoe Commandery, Knights Templar, held an important meeting last night for initiation work, and Ed S. Berden and W. F. Gibbs of this city and Jas. L. Hazlett and Geo. H. Dunn of Hearne received the degrees of the order.

An incident not on the program was the presentation of a handsome fountain pen to Mr. W. E. Saunders, the efficient recorder of the commandery, and a man whose long service has rendered the object of the greatest esteem, of which the gift was a slight token.

At the instance of Dr. J. L. Fountain, who had the gift in his keeping, the presentation was made by Gen. H. B. Stoddard, the oldest member of the commandery, and Mr. Saunders, who was taken completely by surprise, made an appropriate response. Mr. Saunders has served the commandery as recorder much of the time for thirty years.

CATTLE RAISERS ENDORSE A. AND M.

Association Adopted Resolutions Commending Work of the College at San Antonio Meeting.

The Cattle Raisers Association in their convention recently held in San Antonio passed the following resolutions indorsing the work of the A. and M. College.

"Resolved that we commend the excellent work of the Agricultural and Mechanical College of Texas in fostering and stimulating the live stock industry by inculcating in the youth of our State a love for fine blooded stock by the purchase of high grade types of improved breeds and by the dissemination of information that will prove of economic value to the cattlemen."

"We indorse the high standard adopted by the Board of Directors in founding the Animal Husbandry Department of the College and we look forward with interest to the results that will accrue to the public. We congratulate the Thirtieth Legislature upon the wisdom of its appropriation for this college and we heartily recommend to the Thirty-first Legislature an appropriation sufficient to maintain the institution to its present high degree of usefulness to the stock raising and farming interests of the State."

FANNY CROSBY'S BIRTHDAY.

Bridgeport, Conn., March 24.—Fanny Crosby, the blind writer of many popular hymns, was eighty-eight years old today. For a number of years Miss Crosby has been a resident of this city, living at the home of a relative. She is the author of nearly 4,000 hymns, many of which are known throughout the English-speaking world. She has been blind since she was six months old.

INSPIRED BY MANIFESTO.

Attempt Upon Life of Stevens
the Result Of

DELIBERATE CONSPIRACY.

Proclamation Issued by the Commander of the "Righteous Army" to Wipe Out All Japanese Came on the Same Vessel as Intended Victim.

San Francisco, March 24.—The attempt to assassinate Durham W. Stevens, the political adviser of the Korean council of state, it is now said, states the Call, to have been the result of a carefully hatched conspiracy, inspired immediately by the manifesto of the Korean "righteous army," calling upon all loyal Koreans to consecrate themselves to the holy war and exterminate all Japanese. This manifesto reached here on the same ship which brought Stevens. The proclamation was signed by General Eyle Lin Wing, commander of the Korean "righteous army," and in part is as follows: "Manifesto—To All Koreans in All Parts of the World: Loyalty to his nation and fealty to his parents is the primeval law of man's nature. Right live and right die for duty, also rule nature.

"But alas! Grievous times have come upon Korea, our compatriots. We, who have been educated by our 500 year-old dynasty and raised up by our 4,000 year-old ancestry come under the domination of the barbarous savage islanders, the Japanese. They swooped down upon our country and are indulging their barbarous appetites with a cruel heart. It is so much we could not say it with our tongues, nor could we write it with our pens.

"The Japanese abdicated our emperor, destroyed our villages, killed our brethren, robbed our land, seized our benefits and are the enemy not only of Korea, but all the world, for they violate the peace of humanity.

"Compatriots, we must unite and consecrate ourselves to our land and restore our independence. We are sure our God will help us. We will compare the rising of our righteous army to the attempt of an insect to move a big tree, but right is on our side and we are confident in the end we will be victorious in opposing treachery with the justice of our case. We sacrifice our lives to their guns and swords, and as the front men fall the men behind take their places. Defeated today we again attack on the morrow until our vow to exterminate the Japanese or die has been accomplished."

STEVENS DOING WELL.

In Excellent Condition Despite Seriousness of His Wounds.

San Francisco, March 24.—Dr. Zumwalt who made very careful examination of the wounds of D. W. Stevens, the American diplomat, whose assassination was attempted by two Koreans, says the patient is in excellent condition considering the seriousness of his injuries. He continued: "We shall wait a few days until the patient has recovered from the shock, when we will locate the bullets with an X-ray and operate for their removal. The danger of operating at present while the patient is weak from the shock is too great."

ITO REGRETS.

"I Cannot Express My Horror," Says the Prominent Jap.

Tokio, March 24.—Newspapers here all issued extras with accounts of the attempt to assassinate D. W. Stevens. Marquis Ito was deeply affected by the receipt of the news and said through his secretary: "I cannot express my horror." Marquis Ito is in feeble health.

EXPIRES IN FRANCE.

Duke of Devonshire Departs This Life From Heart Failure.

London, March 24.—Duke of Devonshire died at Cannes, France, Tuesday morning of heart failure. The news of the duke's death caused widespread regret throughout England. Although he had been ailing since he suffered a sudden attack of heart weakness at Windsor castle last June and in spite of some alarming reports reaching London during his sojourn in Egypt this winter, recent accounts of his health had been so reassuring the news of his death came almost as a surprise.

REID CASE TRANSFERRED.

After Seven Mistrials It Now Goes to Rapides Parish.

Lake Charles, La., March 24.—Upon application of Attorney General Gulon Judge Lee transferred the Sheriff Reid case to Rapides parish. Sheriff Reid has been tried at Lake Charles seven times, resulting in as many mistrials. The attorney general asked for a change of venue on the ground that it would be impossible to obtain a verdict in this parish. It is charged that because he was short in his accounts during a previous term is ineligible to now hold the office. The shortage was made good.

Gunter Nominated.

Montgomery, March 24.—Gaston Gunter, in a Democratic primary election, was nominated for mayor over J. C. Tyson.

Wedding Day Set.

St. Petersburg, March 24.—The wedding of Prince Wilhelm of Sweden to Grand Duchess Marie Pavlovna has been fixed for May 3.

Elgin Butter Sales.

Elgin, Ill., March 24.—Butter sales past week were 416,900 pounds.

REFUTES STATEMENT.

Attorney General Makes Most Emphatic Denial.

Austin, March 24.—In a letter to Hon. George C. Penleton of Temple Attorney General Davidson emphatically denies and refutes the statement alleged to have been made by A. M. Kennedy of Waco, made at the organization of a club at Temple, in which the latter is quoted as saying that Davidson, who was partner of the law firm of Kleberg, Davidson & Neethe of Galveston, who are paid attorneys of the American National Insurance company, accepted his share of the fees paid by that company when one of the attorneys of this law firm represented the insurance department, and Davidson at the same time represented the state. Attorney General Davidson produces a statement from Kleberg & Neethe to the effect that Davidson had no interest whatever in the fee. He also produces a statement from Assistant Attorney General Hawkins, who has charge of insurance affairs when a legal question is involved in which latter tells of conference with commissioner of insurance and Messrs. Neethe and Sheffield, Jr., of Galveston concerning this company, but declares that Attorney General Davidson had nothing whatever to do with the matter. The attorney general characterizes the statement as false and a misrepresentation.

TO RENDER IN CHURCH.

Drinking Song From Belshazzar to Be Given Next Sunday Night.

Fort Worth, March 24.—For the first time in the history of Texas churches the famous drinking song from the cantata of Belshazzar will be rendered next Sunday night at the Taylor Street Presbyterian church, when the ancient scene will be reproduced during the song, members taking part will wave glasses supposed to contain wine, in accordance with the story. The church decided on this unique innovation, declaring the moral of the story to be lost unless the drinking scene is given. There will be forty in the cast.

YELLOW FEVER CASE.

There is No Difficulty In Handling the Case, Patient Improving.

Washington, March 24.—A case of yellow fever was found on board the Aconagua, which arrived at one of the ports of the canal zone Feb. 29 from Guayaquil. The patient, according to the latest reports, is convalescing. There is no difficulty in handling the case as to prevent the disease spreading. The last case originating in the canal zone was in May.
